WAREHOUSE LICENSES

§ 740.3 Application form.

Applications for licenses and for amendments of licenses under the Act shall be made to the Administrator upon prescribed forms furnished by the Service, shall be in English, shall truly state the information therein contained, and shall be signed by the applicant. The applicant shall at any time furnish such additional information as the Administrator shall find to be necessary to the consideration of his application.

§ 740.4 All facilities to be licensed or exempted.

All facilities within the same city or town used for the storage of nuts by an applicant for a warehouse license must qualify for a license and be licensed under the Act if the applicant is to be licensed to operate as a nut warehouseman in such city or town, unless the facilities which are not to be covered

by a license are exempted by the Administrator upon a finding that, due to the exercise of adequate controls by some independent agency over the operation of the nonfederally licensed facilities, there would be no likelihood of the interchange, substitution, or commingling of nuts stored in such facilities with nuts stored in the federally licensed facilities. If all such facilities do not qualify for a license or for an exemption under this section, the applicant shall not be licensed under the Act as a nut warehouseman in the city or town in which the facilities in question are located. Each applicant for a nut warehouse license must apply for a license covering all facilities operated by him for the storage of nuts within the same city or town or for exemption as provided in this section. If a licensed nut warehouseman acquires any additional nut storage facilities within the same city or town in which his licensed warehouse is located he shall file promptly an application for a license or an exemption of the additional facilities. No nut storage facility acquired by a licensed nut warehouseman, subsequent to the issuance of his license, in the same city or town as his licensed facilities, shall be used for the storage of nuts until it qualifies for license and is licensed or is exempted as provided in this section. If any one of the licensed nut storage facilities operated by a warehouseman in the same city or town becomes ineligible for a license at any time for any reason, it shall not thereafter be used for the storage of nuts, until the condition making it ineligible is removed or an exemption is granted as provided in this section. The use for the storage of nuts by a licensed warehouseman of a facility which is in the same city or town as his licensed facilities and is neither licensed nor exempted, or other violation of the provisions of this section, shall be cause for suspension or revocation of any license issued to the warehouseman for the storage of nuts.

§ 740.5 Scales; bin and compartment numbers.

(a) Each warehouse must be equipped with suitable scales in good order, and so arranged that all nuts, whether for

storage or for nonstorage purposes, can be weighed in and out of the warehouse. The scales in any warehouse shall be subject to examination by representatives of the Department and to disapproval by the Administrator. If he disapproves any weighing apparatus, it shall not thereafter be used in ascertaining the weight of nuts for the purposes of this Act, until such disapproval be withdrawn.

(b) Both bulk bins and compartments for sacked nuts of all warehouses licensed under the Act shall be identified by means of clearly discernible numbers securely affixed thereto. The series of numbers to be used shall be approved by the Service. Bulk bins shall be numbered so as to be easily identified at the openings on top and also on or near the outlets. Compartments shall be numbered in such a manner as to clearly show the space covered by each number.

§ 740.6 Net assets.

(a) Each warehouseman conducting a warehouse licensed, or for which application for a license has been made under the regulations in this part, shall have and maintain above all exemptions and liabilities, total net assets liable for the payment of any indebtedness arising from the conduct of the warehouse, to the extent of at least \$25 per ton for the maximum number of tons of peanuts, 2 cents per pound for the maximum number of pounds of walnuts or filberts, and/or 3 cents per pound for the maximum number of pounds of pecans, that the warehouse could accommodate when stored in the manner customary to the warehouse as determined by the Administrator: *Provided*, That no person may be licensed as a warehouseman under the regulations in this part unless he has allowable net assets of at least \$10,000: *And provided further*, That any deficiency in net assets required above the \$10,000 minimum may be supplied by an increase in the amount of the warehouseman's bond in accordance with § 740.14(c). In determining total net assets, credit may be given for insurable property such as buildings, machinery, equipment, and merchandise inventory, only to the extent that such property is protected by insurance

against loss or damage by fire. Such insurance shall be in the form of lawful policies issued by one or more insurance companies authorized to do such business and subject to service of process in suits brought in the State in which the warehouse is located.

(b) In case a warehouseman is licensed or is applying for licenses to operate two or more warehouses under the regulations in this part, the maximum quantity of nuts which all such warehouses will accommodate when stored in the manner customary to the warehouse, as determined by the Administrator, shall be considered in determining whether the warehouseman meets the net assets requirements specified in paragraph (a) of this section.

(c) For the purposes of paragraphs (a) and (b) of this section only, capital stock as such shall not be considered a liability.

§ 740.7 Grounds for not issuing license.

A license for the conduct of a warehouse, or any amendment to a license, under the regulations in this part, shall not be issued if it is found by the Secretary that the warehouse is not suitable for the proper storage of nuts; that the warehouseman does not possess a good reputation, or does not have a net worth of at least \$10,000, or is incompetent to conduct such warehouse in accordance with the Act and the regulations in this part; or that there is any other sufficient reason within the intent of the Act for not issuing such license. If all the facilities operated for the storage of nuts by the applicant within the same city or town are not to be licensed under the Act, the applicant shall not be licensed as a nut warehouseman with respect to any of such facilities, unless an exemption of the facilities which are not to be licensed is granted as provided in § 740.4.

§ 740.8 License shall be posted.

Immediately upon receipt of his license of any modification or extension thereof under the Act, the warehouseman shall post the same, and thereafter, except as otherwise provided in the regulations in this part, keep it posted until suspended or terminated, in a conspicuous place in the principal
